TB30AM DRAWER

TB30AM DRAWER

Designed to be placed under the bed, the TB30AM DRAWER is a refrigerator with front openings provided with practical, capacious removable drawers.

This model is the ideal solution for those cabins where no removable refrigeration unit container has been provided. For narrow spaces, the compressor unit on this model can be easily removed from the rear seat and moved to any of the 3 free seats, pre-set for "space-saving" housing!

Technical data
